Celebrating
90
Years
1933 - 2023

Impeccable Style, Endless Possibilities.

From Modest Beginnings, a Presence Nationwide.

WALPOLE OUTDOORS: 1933-2023.

P.R. Allen founded Walpole Woodworkers in Walpole, MA, in 1933. His handcrafted fence company, staffed by locals, quickly grew in reputation and product offering.

NORTHERN WHITE CEDAR: Two company-owned mills in Maine cut Northern White Cedar, a decay-resistant wood, and soon production increased dramatically.

FACTORY PRE-STAINING: By the mid-1960s, Walpole had developed a unique factory pre-staining system that coats wood more evenly and eliminates paint mess onsite.

VIEWED ON *THIS OLD HOUSE*: In 1974 Walpole's products began to appear regularly on PBS TV's *This Old House*.

LOW MAINTENANCE SOLID CELLULAR VINYL: Around 2005, Walpole was first to introduce solid cellular vinyl into the product offering. This wood-alternative material looks like natural wood and holds its great looks for years.

RENAMED WALPOLE OUTDOORS: In 2015, to reflect this addition of cellular vinyl to the wood product line, the company was renamed Walpole Outdoors.

STANDARD AND CUSTOM OPTIONS REFLECT CUSTOMER NEEDS: Products crafted in wood, hollow vinyl and solid cellular vinyl include standard and custom fence styles, pergolas, arbors, trellis, gates, and more. Customers can also choose from more than 100 colors from Sherwin-Williams.

Celebrating
90
Years

OUR PAST HAS PREPARED US TO MEET YOUR NEEDS TODAY: Over the course of 90 years Walpole has developed and refined handcrafting tools, incorporated the latest technology, and invested in skilled, knowledgeable employees. Our commitment is always customer focused – to ensure that the Walpole Outdoors products you choose will meet your specific needs, match your sense of style, and delight you for many years to come.

The Look You Want, the Quality You Demand.

In helping create an outdoor area that you will enjoy and take pride in for many years to come, Walpole offers the widest possible range of handcrafted styles and options – in natural wood, cellular or hollow vinyl, metal, or in a combination of materials. We can work from your drawings, specifications, photographs, or your verbal requests to create unique, customized solutions.

Our Design Consultants will guide you each step of the way. You may choose a consultation in a Walpole showroom or remotely with our National Sales department. Walpole's in-house Technical Department specialists review fence, pergola, and other structures to ensure manufacturing accuracy. Where called for, we involve computer aided design systems to produce detailed drawings for professional submittal and to show customers how their installed project will look.

During installation – available within range of a Walpole store – our trained employees make certain posts meet the proper depth and are carefully tamped. Every section installed is straight, sturdy, accurately aligned, and fastened securely. Walpole also ships and provides installation nationwide through partnerships with experts in your area.

FREE CONSULTATION WITH NO OBLIGATION.

If your property is near a store location, a Walpole professional can stop by, take measurements, and assist with styles and fence options. To learn more and to schedule an appointment, call our store nearest you. Beyond store locations, call **866-447-2372**.

Fence

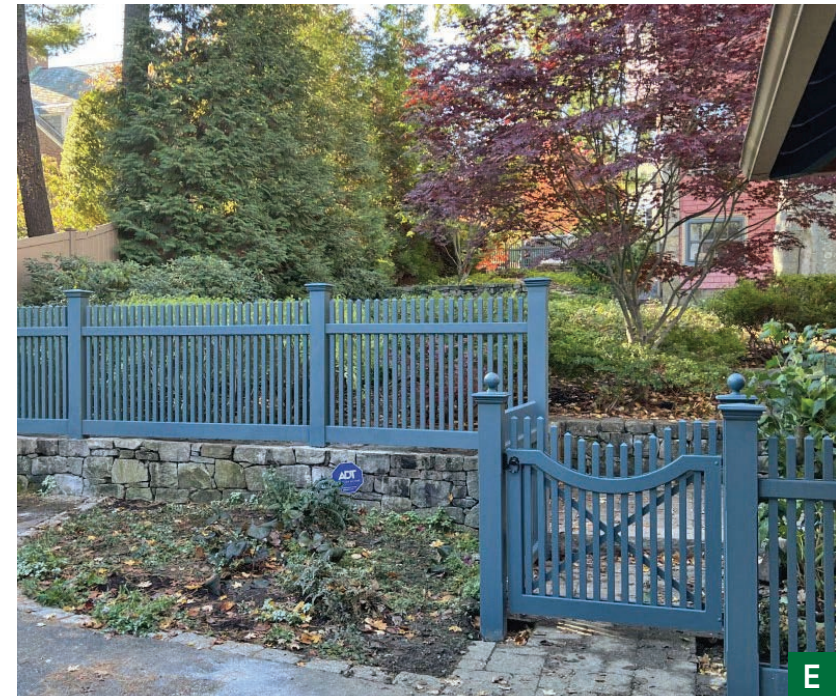

INNUMERABLE CHOICES, UNQUESTIONABLE QUALITY. Offered with a myriad of options, Walpole fence can be crafted in cedar or a hardwood of your choice, in low-maintenance solid cellular vinyl, hollow vinyl, or metal. Options include various fascias, kickboards, post caps, and color. Whether you are leaning toward a style that is formal, antique reproduction, or contemporary, a Walpole Customer Representative will provide expert guidance so that you may visualize your ideal fence in exciting new ways.

Custom Entrance Gates

ALWAYS A MEMORABLE OPENING. Walpole classic or contemporary style choices in driveway gates and entrance security gates come with an almost unlimited selection of decorative and practical options. Many gates have steel frames. This prevents sagging, even when the expanse is wider than normal. Supporting pillars have tough steel cores and the gates can be made ready for the inclusion of automatic gate operators.

All projects shown are custom.

Walk Gates

UNLATCH THE POSSIBILITIES. From formal to rustic, antique reproduction to contemporary, Walpole has a gate style to welcome every entrance. Our standard styles can match your gate width requirements. Or, our single or double gates can be custom crafted with pickets, spindles, or boards to the height and width you choose.

Outdoor Kitchens

SAVOR THE MEALS AND THE MOMENT. Americans love to congregate and socialize in the kitchen – and where better during the warmer months than in your outdoor area. Walpole partners with Danver and Brown Jordan, leaders in creating exceptional Outdoor Kitchens. Stainless steel modular cabinetry features include color and wood grain choices, door styles, powder-coat finishes, and units come with a lifetime warranty.

All projects shown are custom.

Outdoor Furniture

CREATE YOUR IDEAL COMFORT ZONE. Quite often the best seat in the house is outside the house – on the porch, patio, in the garden, by the pool, or under the pergola by your outdoor kitchen.

A) Hampton Dining Chairs and Portsmouth Table B) Americana Classic Rockers C) Essex Table and Chelsea Chairs D) Sag Harbor Deep Seating E) St. Tropez Chaises F) Seaside Adirondack Chairs

Architectural Elements

OFTEN INSPIRING, ALWAYS CAPTIVATING. Walpole's vastly experienced design and production team helps homeowners and businesses add architectural touches that are always impressive. These include solid cellular vinyl decorative moldings, corbels, brackets, dentils, rafter tails, cornices, pilasters, and more.

All projects shown are custom.

Railings

ENCOURAGING FLIGHTS OF FANCY. While railing is always practical, its design need never be dull and unimaginative. Walpole's solid cellular vinyl railing is offered in exquisite standard styles that can include square spindles or turned balusters. Customized projects – from glass to stairway railing, and installations with radius sections, distinctive signature panels, gates, and more – can perfectly reflect your vision and the architecture of your home.

All projects shown are custom.
